

LET'S INTRODUCE OURSELVES!

 Caribbean
Innovation,
Branding &
Design

Caribbean Innovation, Branding & Design N.V. is the versatile partner for organizations in the former Dutch Antilles, Aruba, several Caricom Islands, Suriname, Guyana and Trinidad & Tobago. As an experienced representative of several leading international companies Caribbean Innovation offers (technical) solutions and business needs, such as flooring solutions, ceiling systems, furniture, project management, laboratory solutions and technical products.

Our vendors are each chosen with specific criteria in mind. First, if at all possible we choose renowned international brands. We also take into consideration manufacturing practices, quality of materials, variety, ergonomics, product warranty and design.

Learn more about our products and services in this presentation.

MARKANT

ALMACHAIR®

OFFICE FURNITURE

Many of us spend more time in the office than anywhere else; your office is your second home. So why not turn your workplace into something comfortable, attractive and inspirational? An office design is an investment for years. We understand that. That is why you can always expect the best advice and the most professional guidance from us when purchasing a new interior.

FLOORING SOLUTIONS

- ✓ Linoleum
- ✓ Carpet Tiles
- ✓ Cast Floors
- ✓ Mipolam
- ✓ Entrance Systems

OUR BRANDS

FLOORING SOLUTIONS

A modern office interior featuring a vibrant blue carpet. In the background, there is a row of blue chairs and a blue door. In the foreground, a sleek white desk with blue accents and a black office chair is visible. A blue lamp hangs above the desk. The overall aesthetic is clean and professional.

The right type of flooring depends on the type of business you have and what kind of activities are taking place. In close cooperation with our suppliers we are at home in a variety of markets. From professional flooring in the food and chemical industry to floors for offices, automotive, healthcare and hospitality. Need help choosing the right floor? We give you customized advice!

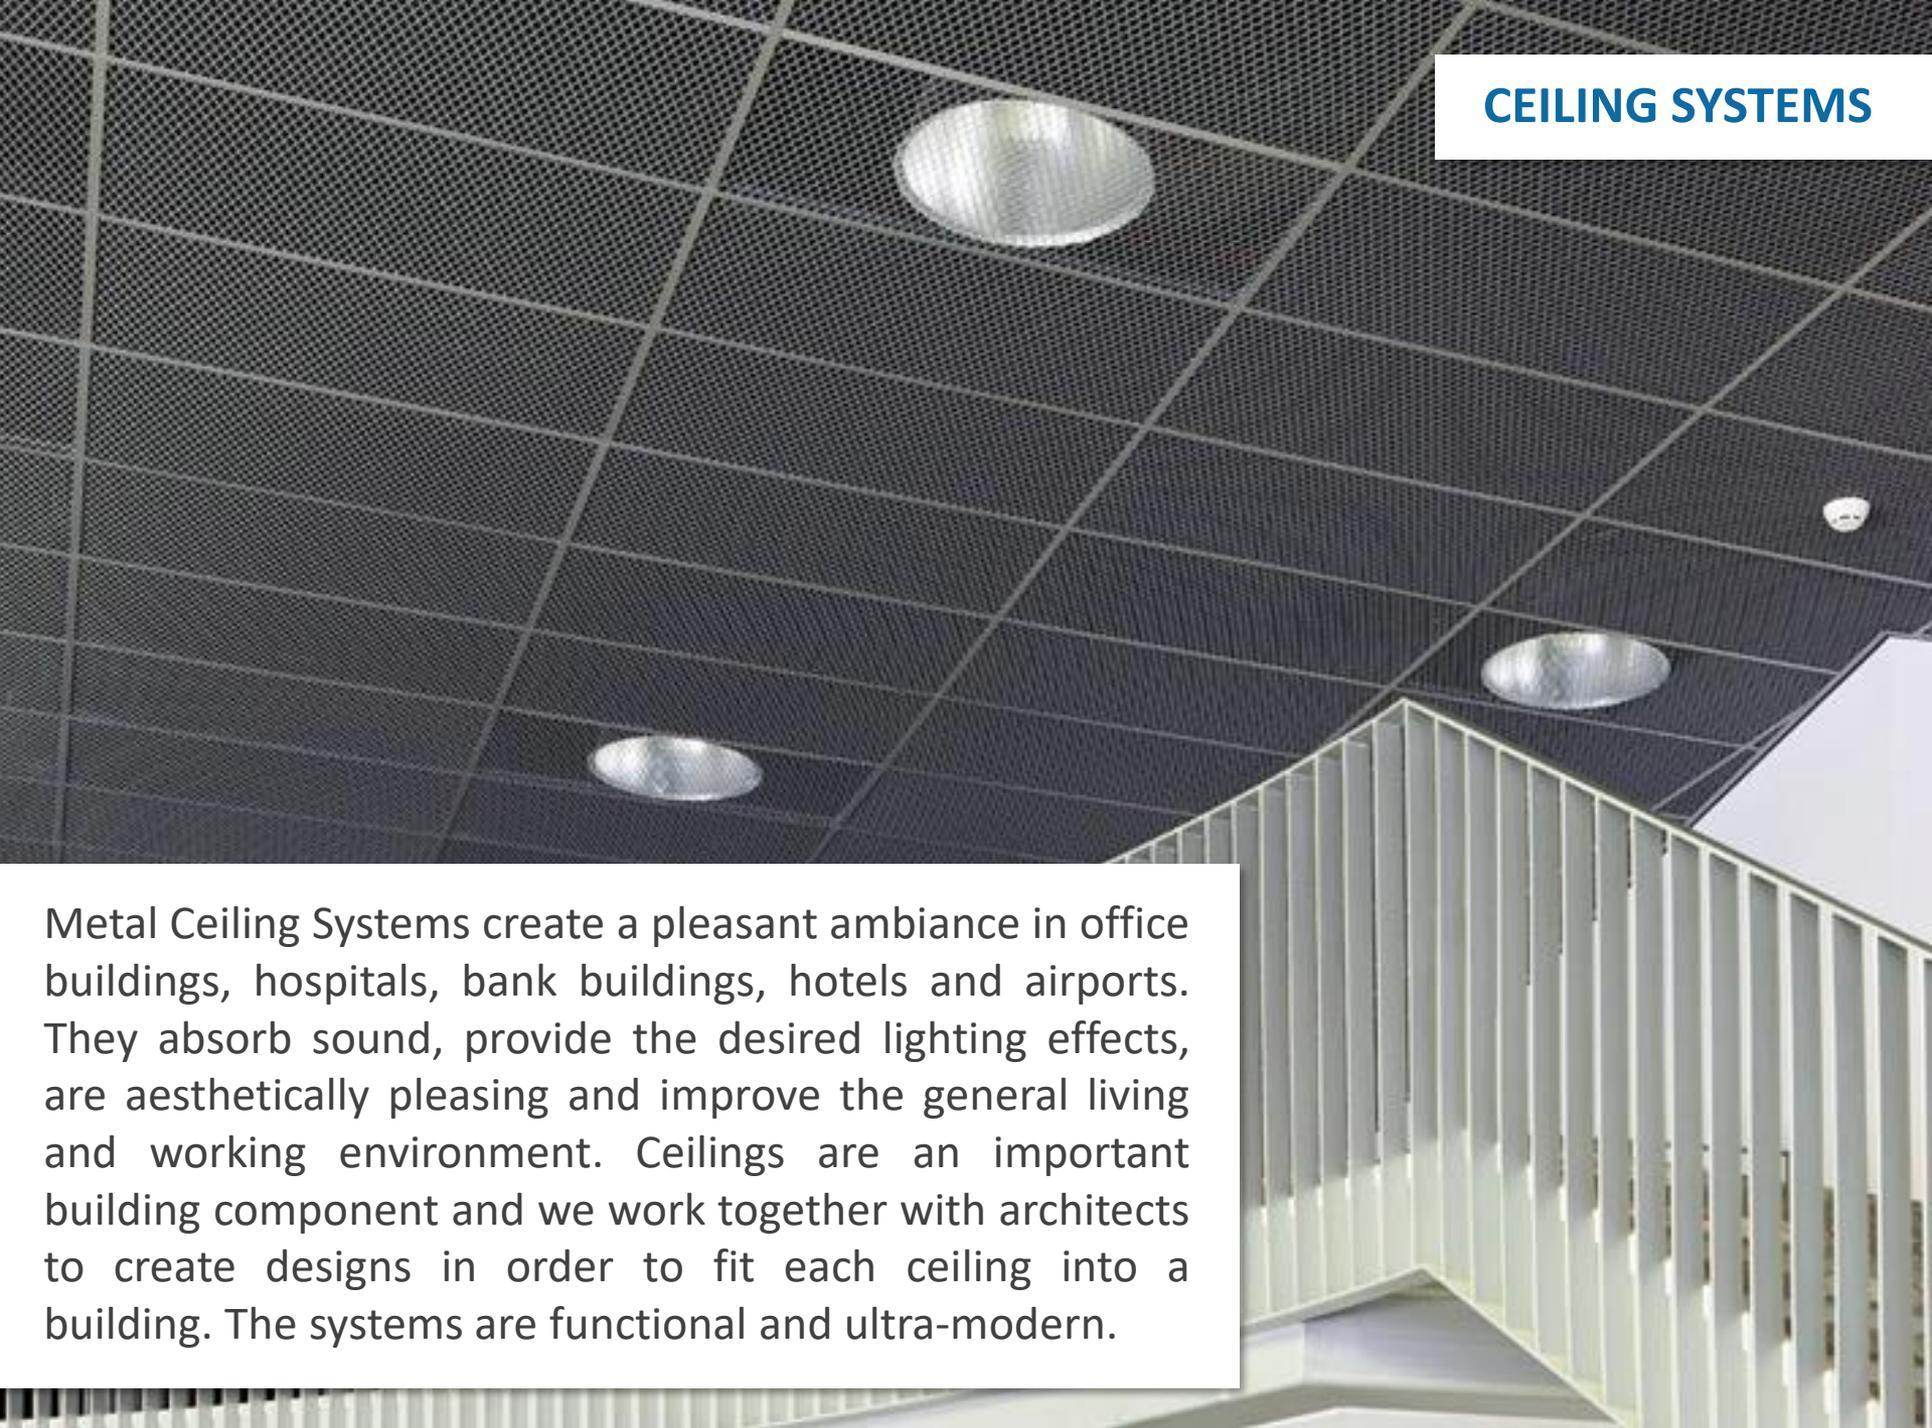

CEILING SYSTEMS

OUR BRANDS

 integra®

OWA

CEILING SYSTEMS

Metal Ceiling Systems create a pleasant ambiance in office buildings, hospitals, bank buildings, hotels and airports. They absorb sound, provide the desired lighting effects, are aesthetically pleasing and improve the general living and working environment. Ceilings are an important building component and we work together with architects to create designs in order to fit each ceiling into a building. The systems are functional and ultra-modern.

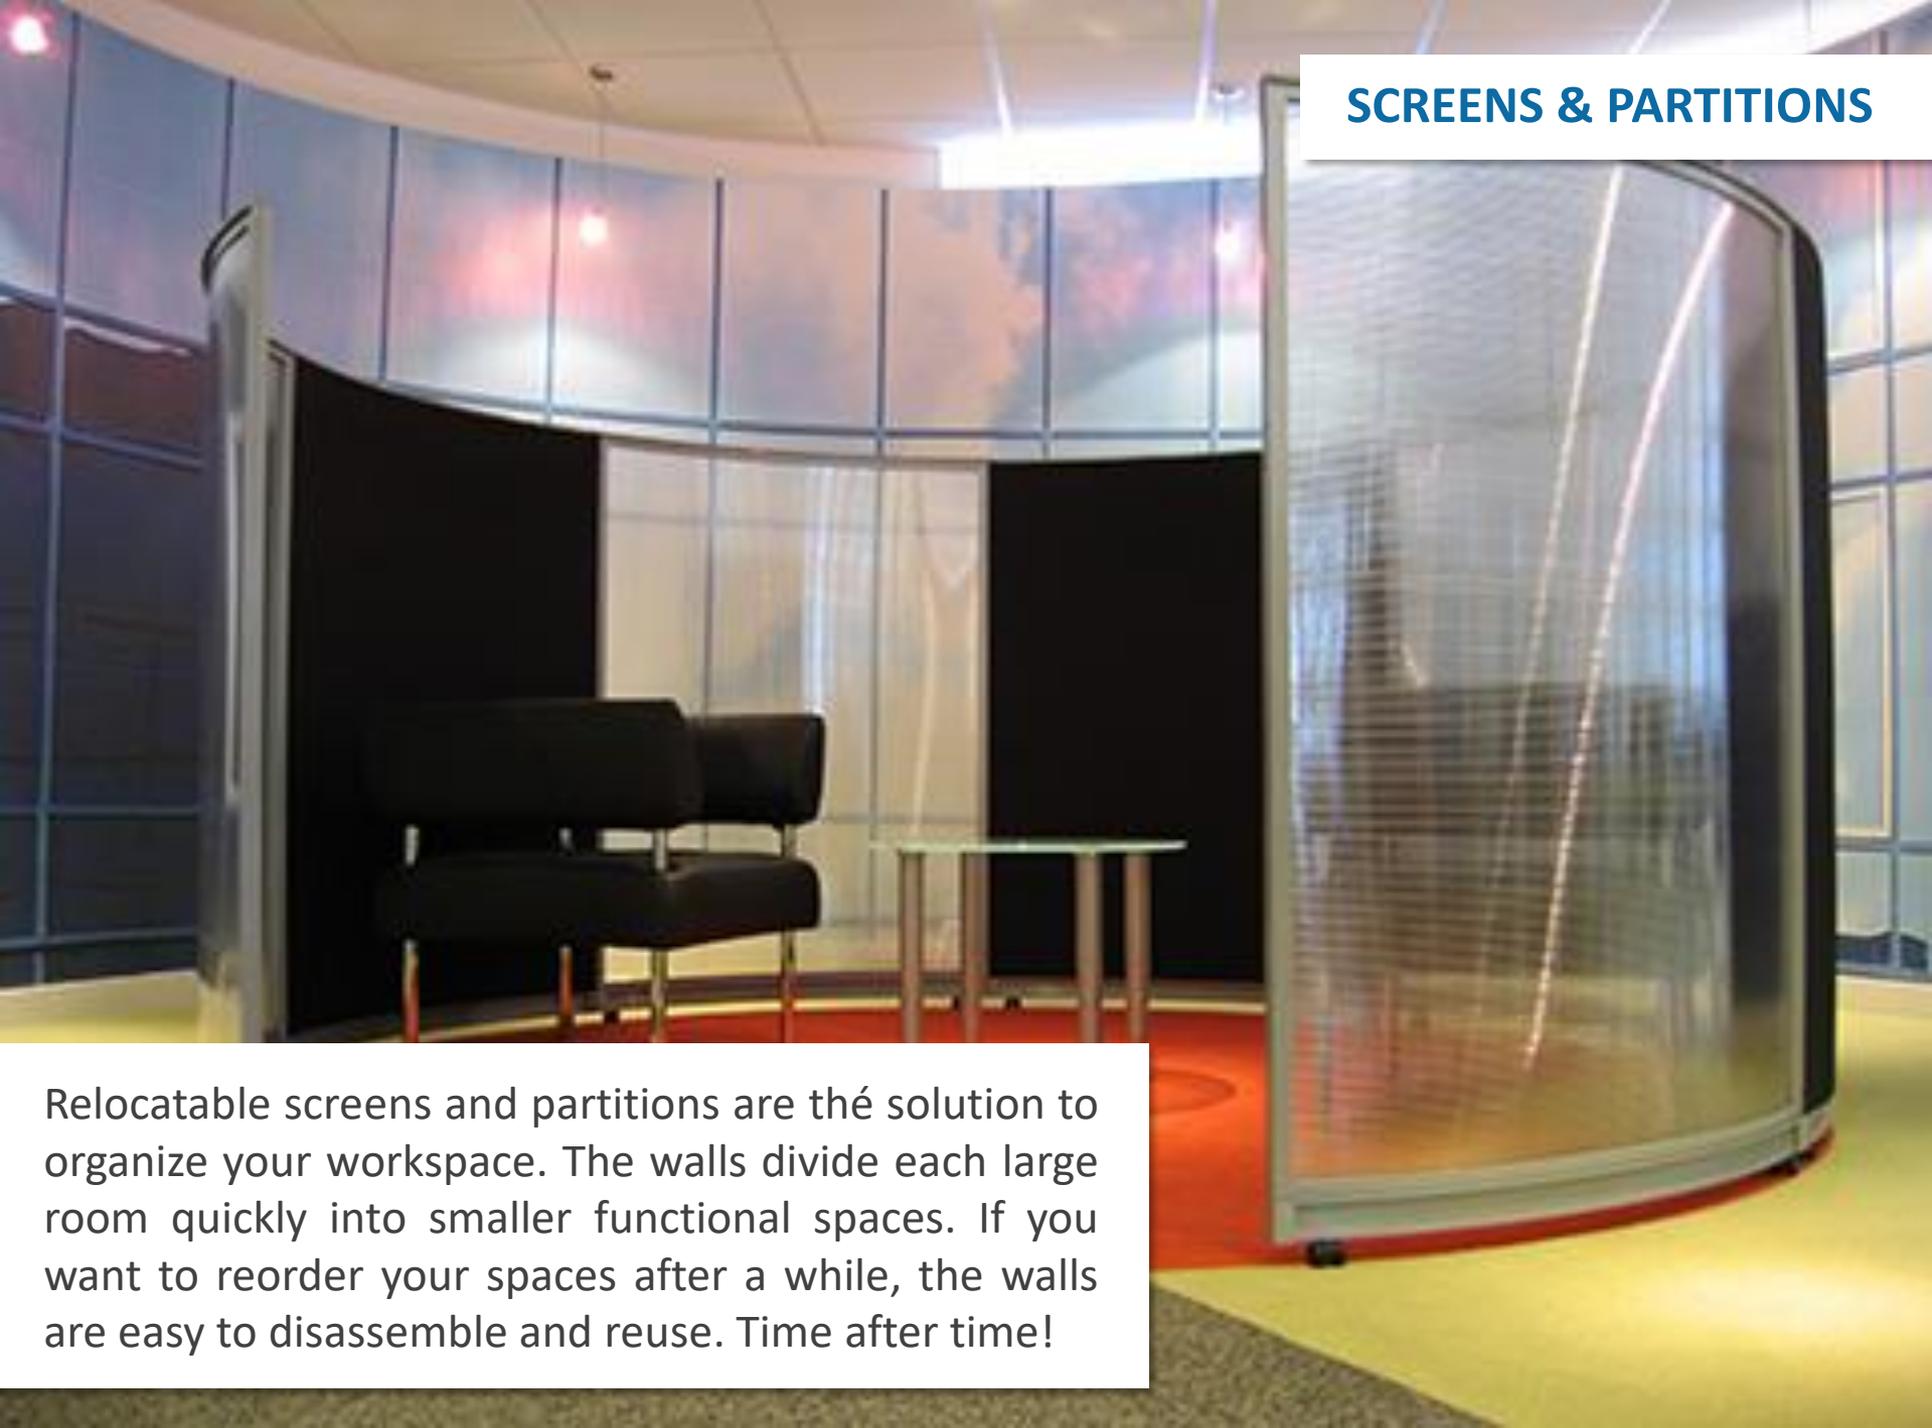

SCREENS & PARTITIONS

OUR BRANDS

SCREENS & PARTITIONS

Relocatable screens and partitions are the solution to organize your workspace. The walls divide each large room quickly into smaller functional spaces. If you want to reorder your spaces after a while, the walls are easy to disassemble and reuse. Time after time!

WINDOW COVERINGS

OUR BRAND

ExcellentaDuoLight®

WINDOW COVERINGS

Daily more and more people are working with computers and monitors. Proper lighting is important. Too much sunlight or rather a lack of it makes tired or stinging eyes. Especially in an automated environment. Partially translucent window coverings can help to regulate the amount of light.

KITCHEN EQUIPMENT & SUPPLIES

OUR BRANDS

KITCHEN EQUIPMENT & SUPPLIES

Preparing a meal should be as fun as eating it. Your cooking pleasure will definitely increase with good cookware and fresh ingredients. Having durable kitchen appliances and all associated equipment makes cooking a real pleasure!

LABORATORY SOLUTIONS

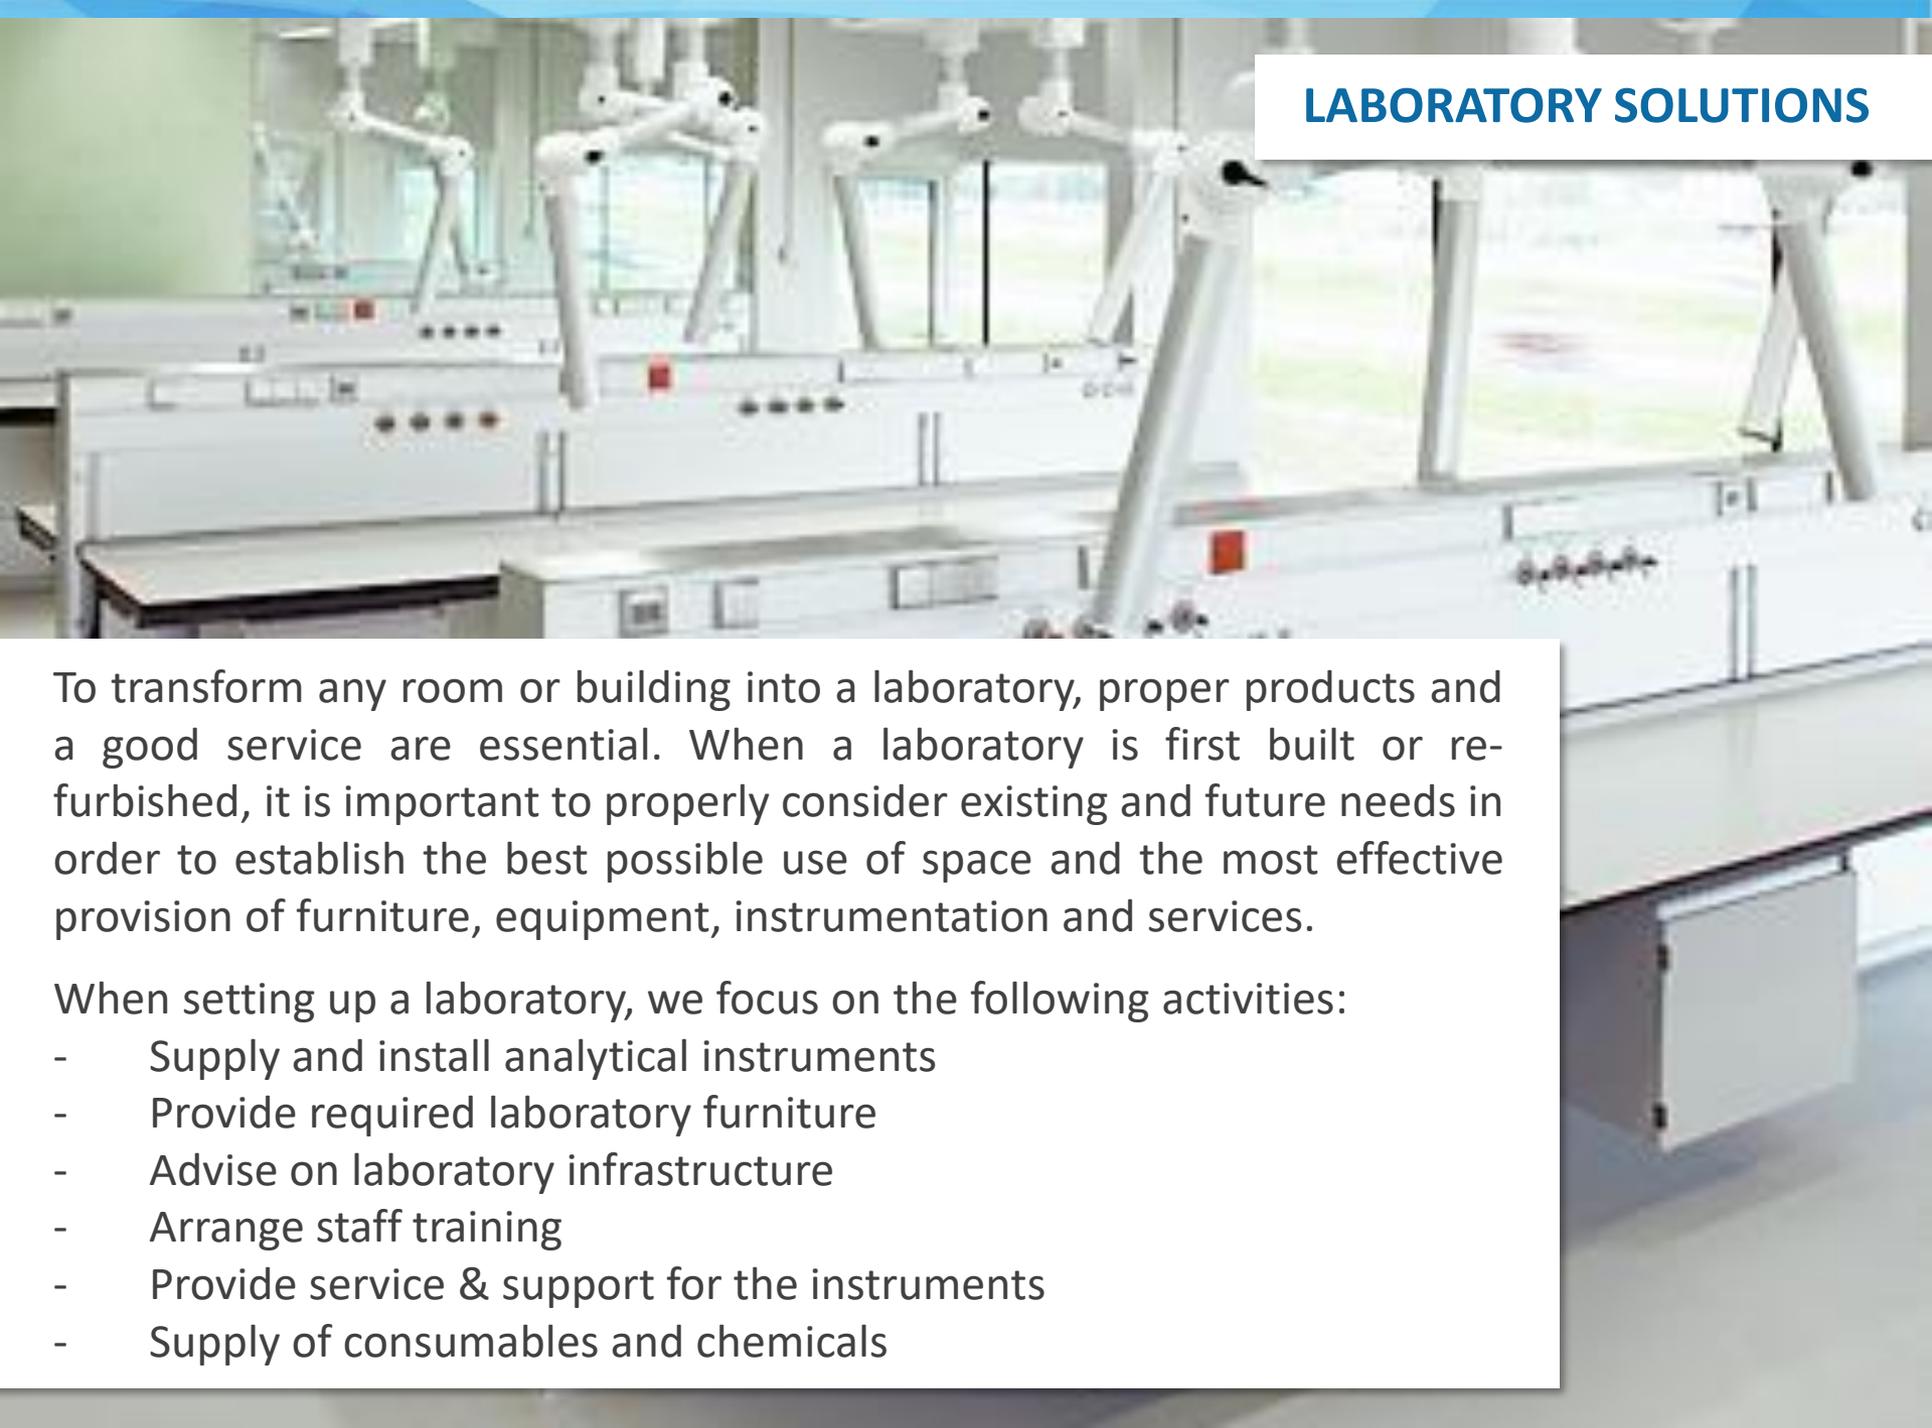

OUR BRANDS

bimos

s+b

LABORATORY SOLUTIONS

To transform any room or building into a laboratory, proper products and a good service are essential. When a laboratory is first built or refurbished, it is important to properly consider existing and future needs in order to establish the best possible use of space and the most effective provision of furniture, equipment, instrumentation and services.

When setting up a laboratory, we focus on the following activities:

- Supply and install analytical instruments
- Provide required laboratory furniture
- Advise on laboratory infrastructure
- Arrange staff training
- Provide service & support for the instruments
- Supply of consumables and chemicals

DESIGN FURNITURE

OUR BRANDS

LEOLUX

Artifort

mondis

DESIGN FURNITURE

Design; a combination of creativity and craftsmanship. Always searching for innovative ideas. Furniture, in countless variations, designed for anyone who combines design with a pleasant and carefree life. Living furniture to which you really come 'home' to at the end of a long day!

EDUCATION FURNITURE

 **PRESIKHAAF**
SCHOOLMEUBELEN

**ahrend**

A photograph of a modern classroom or play area. The room features several round tables in vibrant colors: blue, orange, and green. Each table is surrounded by matching colored chairs with a unique, ergonomic design. In the background, there are more tables and chairs, along with a blue storage cart on the left. The floor is a light-colored wood. The overall atmosphere is bright and inviting.

EDUCATION FURNITURE

We believe in creating environments that support creativity and innovative learning experiences. Setting up a school or classroom is adapted to your vision of education and teaching methods. Do you offer classroom-based learning or do you offer a combination of project work, cooperative learning, interactive learning and classroom instructions? We support you in making the right choices.
